GDPR Compliance Assessment Report 2024

Classification: RESTRICTED | Generated: 2026-05-24

Scope

This report covers GDPR compliance posture for all EU data subjects as of October 2024. Assessment conducted by the Data Protection Officer with support from external auditors Grant & Thornfield LLP.

Data Processing Activities

The company processes personal data under six lawful bases. Consent-based processing covers 34% of activities. Legitimate interest covers 41%. Contractual necessity covers 25%. A Record of Processing Activities (ROPA) is maintained and reviewed quarterly.

Risk Assessment

Three high-risk processing activities were identified: customer behavioral analytics, cross-border data transfers to APAC, and automated credit scoring. Data Protection Impact Assessments (DPIAs) have been completed for all three.

Remediation Actions

Action item 1: Update cookie consent banners by Dec 2024. Action item 2: Renegotiate Standard Contractual Clauses with 3 APAC vendors. Action item 3: Implement data minimization for behavioral analytics pipeline.
